Here are some tips to help with home-to-school transitions:

- Make sure your child is confident in their skills to use the bathroom independently. (Accidents do happen so please make sure your child has a few sets of extra clothes)
- Please share if your child has specific ways of communicating their needs, especially their need to use the bathroom. (words or signs they may use)
- Please try and send foods that your child can try and open independently. (we will be there to help but want to encourage them to try first)
- Please use one of the notebooks to send any important information that we might need to know.
