### ***Here are some tips to help with home-to-school transitions:***

- Make sure your child is confident in their skills to use the bathroom independently or with little assistance. (Accidents do happen so please make sure your child has a few sets of extra clothes)
- Please share if your child has specific ways of communicating their needs, especially their need to use the bathroom. (words or signs they may use)
- Please try and send foods that your child can try and open independently. (we will be there to help but want to encourage them to try first)
- Please use one of the plastic folders to send any important information that we might need to know. (about your child's night, if something happened during their morning routine, or any other information we might need to know so we can best support you and your child)
